

Would Increase Revenue

As Result Of Streamlined Department

JEFFERSON CITY (AP) — Gov. Warren E. Hearnes announced today reorganization of the State Department of Revenue has started with the goal of streamlining its operations and putting tax collections on a mechanized, assembly line basis.

He said William G. Herzel, employed as a consultant to study the department's reorganization, has estimated sales tax collections alone could be increased \$4 million to \$6 million a year by improved auditing.

Herzel also recommended that Thomas A. David, revenue director, be allowed a deputy director to help carry out the management changes involved.

Herzel, former director of revenue for Kentucky, warned the changes could not be made overnight and it will be a tremendous task to perform the reorganization while continuing the day to day work of tax collection.

The governor noted the voters thought they were getting a unified system of tax collection when they adopted the 1945 Constitution.

"Probably no greater opportunity for improvement in our state government has been delayed so long," Hearnes said.

He recalled he served on an interim legislative committee in 1961 which found that it is almost impossible for a director to run a department with more than 1,200 employees and still have time to study and plan re-vamping of the department's structure and operations.

As the first step in streamlining, Herzel recommended unification of all management functions under the director, including the functions of internal budgeting, accounting, purchasing, research, legal services, internal security and planning.

The department, the state's biggest patronage agency, collects more than \$700 million a year in fees and taxes and handles millions of transactions in doing so.

"No other division," the governor said, "has so great a responsibility . . .

"Giving Missouri a modern unified revenue collection system presents a challenge that will require some expense and much thoughtful effort over a sustained period of time, but the benefit to our state and its citizens is well worth it and we will be devoting major effort to it."

Reconsideration Of Hoffa Case Refused

WASHINGTON (AP) — The Supreme Court refused today to reconsider its Dec. 12 decision upholding James R. Hoffa's federal jury-tampering conviction and eight-year prison sentence.

The court rejected the Teamsters Union president's plea for another hearing in a brief order and without justification. It noted only that Justices Byron R. White and Abe Fortas did not participate.

This clears the way for jailing of the head of the 1.7-million-member union. However, Hoffa could still try to remain free on bail pending court decisions on other legal challenges he has made to his 1964 conviction.

Such freedom is at the discretion of lower federal courts.

Hoffa, 54, was convicted in a U.S. District Court in Chattanooga of tampering with jurors at his 1962 conspiracy trial in Nashville. A mistrial had been declared in Nashville when the jurors could not agree.

In its ruling Dec. 12 the Supreme Court rejected Hoffa's claim that his constitutional rights were violated by the government's use of a paid informer, Edward Grady Partin, to

Newsman Are Opposed To Restrictions

JEFFERSON CITY (AP) — Missouri Republicans reported today a poll of radio, television and newspaper editors shows overwhelming opposition to a gag rule voted by the Democratic-dominated Missouri House.

Results of the poll were announced in the GOP state committee's monthly newspaper, published today.

It said 92 per cent of the editors and news directors who replied to the GOP questionnaire said the new rule constituted a form of news management and 97 per cent thought it was "an infringement on the constitutional guarantees of freedom of the press."

Opinion was unanimous that the House speaker or any other presiding officer should not have the right to determine which newsmen can cover public proceedings.

Rep. R. J. King, R-Clayton, minority leader, has charged the gag rule makes the speaker a czar and the editors polled agreed.

One southeastern Missouri broadcaster said "if this great state is to be run by a man with full powers to say what and what shall not be told the people, we are heading down the last short mile where freedom ends."

70-Year-Old Woman Dies In Fire At Home

FORT SCOTT, Kan. (AP) — A 70-year-old woman died today in a fire at her home where she lived alone.

Firemen found the body of Mrs. Lydia Stone in the living room. They believed she was awakened by smoke and was trying to get out of the house when she was trapped in the living room.

Cause of the fire was not determined.

Accidents Claim Twelve On Highways

By THE ASSOCIATED PRESS

Twelve persons were killed in traffic accidents in Missouri over the weekend.

George Scott, 68, Kansas City, was fatally injured Sunday in a collision in the city. The other driver was not hurt. Police said Scott was attempting to make a U-turn.

Miss Catherine Young, 46, Hocomo, Mo., was killed Sunday when her car skidded off slick pavement on U.S. 63 and plunged down an embankment. Miss Young was a hospital technician in Springfield and was returning from a visit to her parents in West Plains.

Two soldiers from Fort Leonard Wood were killed Sunday in a head-on crash at a curve in Ava. The victims were Doyle Rennaker, 20, of Almartha, Mo., and Gary Benson. Benson was a passenger in the car driven by Rennaker.

Four occupants of the other car were injured.

Arthur Tieman, 17, Harrisonville, Mo., was killed Saturday night when a car occupied by three youths hit an embankment during a high-speed police chase. The other two youths were injured in the accident on Missouri 7 north of Harrisonville. The highway patrol said the youths were being pursued for a traffic violation in Harrisonville.

Linville E. Warren, 21, Kansas City, who was home on leave from the Army, was killed Saturday after a high-speed chase in Kansas City. Police said Warren's car sheared off a steel pole which supported a flashing crossing signal.

Richard Ayers, 20, Lancaster, Mo., was killed in a one-car accident in that community Friday. Ayers was a passenger in a car driven by Robert Marvin Small, 20, of Glenwood, Mo., who suffered cuts and bruises. The patrol said Small apparently saw a car pull from a side road onto the highway and braked and skidded. The car hit a drainage culvert and overturned.

Gerald Minnick, 21, Ironton, Mo., was killed Saturday night when his car hit a tree and overturned on Missouri 72 five miles west of Fredericktown.

Raymond Quisenberry, 19, Hannibal, was killed in a collision on a Hannibal street Saturday.

Shareholders Could Block Merger Plan

WASHINGTON (AP) — The Supreme Court today gave minority stockholders the opportunity to block the Missouri Pacific Railroad's planned consolidation with the Texas & Pacific.

By a vote of 8 to 0, the court held a majority of holders of both classes of Missouri Pacific stock must consent to the consolidation.

The decision, announced by Justice Potter Stewart, said a Missouri law must be applied to the consolidation. This reversed a ruling by the U. S. Circuit Court in St. Louis.

Stewart said that the court was not passing on the merits of the merger itself. This he said was the concern of the Interstate Commerce Commission. Clark noted that MoPac's articles of association require a vote by both classes on consolidation and Missouri law therefore demands such a vote.

However, the circuit court said in this instance, for the sake of a national transportation policy, the majority of all voting shares should be applied. Here, Clark said, the circuit court erred in construing the federal Interstate Commerce Act.

Justice Abe Fortas took no part in the case.

The consolidation to form a new Texas & Missouri Pacific Railroad Co., with 9,079 miles of track in 11 states, has been approved by the boards of directors of MoPac and of Texas & Pacific Railway, a MoPac subsidiary.

The question before the court was how were MoPac stockholders to have their say about the planned merger — whether the minority holders of the highly more valuable of two types of MoPac stock were to have a chance to block it.

Terms of the consolidation were not, themselves, at issue.

Revolution Narrows

Renew Attacks In Four Areas

TOKYO (AP)—Supporters of Chinese Communist party Chairman Mao Tse-tung have renewed their attacks on four early targets of Mao's purge, possibly indicating a narrowing of the so-called cultural revolution because of setbacks.

Japanese correspondents in Peking reported ousted Peking Mayor Peng Chen, former Vice Premier Lu Ting-yi, former chief of staff Lo Jui-ching, and former party official Yang Shang-kun had been officially termed counter-revolutionaries. All four had been accused in earlier wall bulletins of preparing a coup d'etat against Mao a year ago.

The Peking correspondent of the newspaper Nimon Keizai said the counterrevolutionary label was contained in a notice posted Sunday by the party central committee. Such a charge—one of the strongest in the Communist armory of epithets—could indicate a trial is being prepared.

Isolation of the four as purge targets came amid more signs that Mao is trying to put a lid on Red Guard zealots and tone down the civil strife. But other reports indicated Mao's opponents are as active as ever, though some of the reports came from Communist foes of Mao who are anxious to see him defeated.

Moscow Radio said in a Japanese-language broadcast that anti-Mao armed forces had taken over the industrial city of Loyang in Honan Province and that a number of Maoists had been arrested. It added that clashes between pro- and anti-Mao groups were continuing in several provinces.

The Yugoslav news agency Tanjug reported from Peking that wall posters carried an order by Premier Chou En-lai for army units to be sent to Honan to restore order.

Chinese travelers arriving in

Hong Kong reported that saboteurs severely damaged a railway bridge Saturday night about 55 miles east of South China's major city of Canton, holding up their train six hours for repairs. Passengers were prevented from viewing the damage.

Reports from Canton earlier this month said that opponents of Mao were stockpiling explosives and planning to blow up railway tracks and bridges in the Canton area.

'Strangler' Hoped For Quick Death

Says Escape Was Intended To End Life By Shooting

WALPOLE, Mass. (AP)—Self-proclaimed Boston strangler Albert DeSalvo originally hoped that by escaping from a mental hospital he would be shot to death, but is now content to remain in state prison if he receives proper psychiatric care, his attorney says.

DeSalvo hopes that the massive 32-hour manhunt for him has forced state officials to recognize that he needs the care and is the man who killed 13 women in the Boston area during an 18-month period, F. Lee Bailey said Sunday night.

The attorney said DeSalvo told him during a meeting at the prison that after escaping from Bridgewater State Hospital Friday morning he did "not intend to hurt anyone, especially women."

"He told me his purpose was to run around until somebody shot him, but he changed his mind in response to appeals from our office that were broadcast over the radio," Bailey said at a news conference.

Bailey said a \$10,000 reward that his office offered for anyone who captured DeSalvo alive "apparently frustrated his purpose — it was worth too much money to hold your fire."

The former handyman surrendered meekly to two employees of a uniform store in the Boston suburb of Lynn Saturday afternoon. Bailey said he doubts that anyone can show that DeSalvo, 35, was "captured."

Asked whether the massive manhunt state officials marshaled for DeSalvo gave implicit recognition to his claim to be the strangler, Bailey said, "The conclusion is mandatory."

Viet Cong Shell U. S. Air Base And Village

SAIGON (AP)—U.S. Navy planes started sowing mines in the rivers of North Vietnam today in a third new increase in military pressure to cut the flow of men and supplies from North Vietnam.

In South Vietnam, the Viet Cong shelled the U.S. Air Base at Da Nang and an adjoining Vietnamese village with mortars and rockets, killing 11 Americans and 35 South Vietnamese civilians. Another 70 Vietnamese and 32 Americans were wounded and an ensuing fire burned 150 wood and tin Vietnamese shacks in the village of Ap Do on the edge of the air base.

U.S. Marines searching the area after the attack said they found 46 rocket firing positions near the base, along with 6 unused 140mm rockets and 2 rocket tubes. Military sources said they bore Russian and Chinese markings.

This is the first time in the war that the Viet Cong has used rockets of this size. They weigh 85 pounds each.

Other reports said the Communists used Soviet-made 120mm mortars in the attack. These have been used rarely by the Viet Cong.

The attack damaged 11 U.S. planes but a Saigon spokesman said the damage was light.

Marines at Da Nang said the Viet Cong lobbed 39 rounds on the base and 6 on the village. The mining of the rivers follows the use of long-range artillery in South Vietnam to drop shells over the demilitarized zone into the North. On Sunday, the U. S. Navy began shelling the North Vietnamese coast.

A Hanoi broadcast claimed one U.S. warship was sunk by shore batteries this was not confirmed in Saigon, where spokesmen said a shore battery was knocked out by a U.S. destroyer.

As the U.S. command announced the mining of North Vietnamese waterways, North Vietnam charged the naval shelling caused civilian casualties and sent a protest to the control commission. Hanoi also claimed that North Vietnamese shore batteries hit a U.S. warship and set it afire. A U.S. communiqué said the destroyer Benner "silenced a North Vietnamese shore gun which opened up on the bombarding ships" and that "none of the vessels sustained any damage."

Announcing the mining, U.S. headquarters said "the North Vietnamese are making increased use of waterborne logistic craft to infiltrate men and supplies into South Vietnam."

"To counter this," the announcement said, "the United States is employing a limited number of air-delivered, non-floating mines in selected river areas in the southern portion of

US Strikes Orientated Toward Peace

Johnson Makes New Comment As U. S. Effort Increases

WASHINGTON (AP) — President Johnson said today the latest American strikes at North Vietnam are more far reaching but still are designed to promote peace.

The President said he believes he is on the best course and he sees no reasonable alternatives.

The news conference with the President in his oval White House office centered once again on the Vietnamese war — and in particular on the mining of rivers in North Vietnam, naval bombardments north of the demilitarized zone and the use of heavy artillery to reach targets in the north beyond the zone.

"We have taken the actions we think are best," the President told the reporters, "to protect the national interests of the country and freedom and humanity in the world."

Johnson was asked whether the latest actions represented a military step up. He didn't buy that term. But he said that certainly these actions are more far reaching than those in the last few weeks.

Another Busy Week For Legislators

JEFFERSON CITY (AP) — Congressional redistricting and welfare appropriations touched off another busy week in the Missouri Legislature today.

Sen. Omer H. Avery, D-Troy, Senate Reapportionment Committee chairman said today's hearing would be the last on his bill to set up new congressional districts on the one man-one vote basis ordered by the federal courts.

On the other side of the Capitol the House Appropriations Committee digs into federal and state welfare costs, including the limited medicare program recommended by Gov. Warren E. Hearnes.

The problems and emotions generated by daylight saving time come before a House committee tonight. Unless the legislature says no, Missouri will join the rest of the nation on D.S.T. this spring.

Revisor of the insurance laws local mental health centers and obscene telephone calls also are scheduled for committee hearings tonight.

Meanwhile the Senate is still hacking away at the big salary increase bill that covers all elected officials from the governor on down.

Up for debate is the substitute offered by Sen. A. Basye Vanlandingham, D-Columbia, including for the first time provision that judges must pay part of the cost of their retirement plan on an actuarial basis. They pay nothing now.

On Capital Punishment

JAYCEE MEET SPEAKER — Missouri Attorney General Norman Anderson was the principal speaker at the Annual Jaycee Board Banquet at the Smith-Cotton High School Cafeteria Saturday night. Speaking to some 600 Jaycees, their wives and guests, Anderson used capital punishment as his topic, and pointed out the ramifications of this procedure. He voiced his disapproval of capital punishment, pointing out the costs involved and the moral viewpoints weigh heavily against the practice. Early in his talk he urged everyone to take part in politics, indicating the more people participate, the better the chances of maintaining a staff of high quality officials at all levels of government.

Judges Are Eager To Impose Rules

NEW YORK (AP) — "There are a lot of judges just itching" to impose rules on how much news the police can give the press in criminal cases, says U.S. Judge Harold R. Medina.

"When the day comes when we have judicial censorship of the press, we think that will be a very sorry day for the American people," he said Sunday.

Medina, of the U.S. Court of Appeals, is chairman of a special committee of the New York Bar Association which published a report last week on freedom of the press and fair trial.

Medina, speaking during and after an appearance on the WCB "Newsmakers" program, said the press and public should be admitted to all trials but that newsmen "ought to be more cooperative" and use "good judgment."

The report called for a strengthened code of ethics covering the activities of attorneys and also proposed voluntary codes for police and news media.

The American Society of Newspaper Editors criticized some aspects of the report, asserting the proposed restraints would limit the media's freedom.

Medina said it was imperative that the judiciary exercise proper control over its attorneys. He criticized lawyers who, he said, try their cases in the newspapers and "perform on the steps of courthouses and at press conferences."

Hanoi Radio Claims U.S. Ship Is Sunk

TOKYO (AP) — Hanoi radio claimed today a U.S. warship was sunk Sunday off the coast of North Vietnam by "the people's armed forces" of Thanh Hoa Province.

Hanoi radio, in a Japanese-language broadcast monitored here, said U.S. warships shelled "residential quarters of the coastal areas of Thanh Hoa Province at 5:30 p.m. Feb. 26."

"The people's armed forces in the province counterattacked and sank one of them. Other U.S. warships fled."

"This was the third American warship which was sunk by North Vietnam since early February, this year."

A burglar alarm set off when a metal milk carrier was pitched through a window at Bing's Supermarket, 1400 South Limit, ended with the arrest of three Kansas City men and a juvenile, all held for investigation of breaking and entering, police said. The alarm went off about 4:25 a.m. Monday.

Police said when they arrived at the supermarket they saw a car driving away without lights. The officers gave pursuit and apprehended the four suspects after the car they were driving "spun out" at 14th and Limit.

The officers making the apprehension were James Tuttle and Charles Sheppard. Identified as being held for investigation were Harold Cobb, 29, Herbert Horton, 22, and Ernest Green, 17, all of Kansas City. The juvenile was turned over to juvenile authorities in the county.

Apparently the only thing missing from Bings was a small box of medicinal supplies.

Shortly after this break-in occurred, police received a call that the Central Missouri Poultry Processors, Inc., facility at 623 West Benton, had been broken into. The two break-ins were not believed to be related.

In the second case, however, police said an adding machine, an electric grinder and a set of end wrenches were reported taken, plus several packs of cigarettes from a vending machine. Total value was set at \$235, police said.

Sheriff Report

The Pettis County Sheriff's Department executed a search warrant for gambling or gambling devices at 405 East St. Louis about 2 a.m. Sunday, but no evidence of gambling was found. Sheriff Emmett Fairfax reported.

Assisting were officers of the sheriff's department, Chief of Police William E. Miller and Prosecuting Attorney Henry Keeler.

At the same time, city police took two women in custody for investigation of prostitution, police officers said, but the two women, both 26 years old, were later released.

L. H. Goodwin, 402 North Washington, reported to police that sometime between 4:30 and 7:30 p.m. Sunday a thief broke into the residence and stole an electric razor, a package of smoked hocks, package of pork chops and a pound and a half of hamburger. Total value was set at \$17.50.

A padlock which had been on the front door was found in the front yard.

Police on routine check of business firms found a washing machine at the Dutch Maid Laundry, 1809 South Limit, damaged where vandals had turned it half over. A gum or peanut machine had been removed from the wall and stolen.

It was discovered about 1:20 a.m. Sunday.

A peanut machine and a hair dryer machine at the Dutch Maid Laundry, Seventh and Emmett, were broken into sometime between 8:30 p.m. Thursday and 8:30 p.m. Friday.

Bowers To Speak At PTA Council

Ralph F. Bowers, a psychiatric social worker from the Mid-Missouri Mental Health Center, Columbia, will be the speaker at the PTA Council meeting at 1 p.m. Wednesday at the First Baptist Church. This meeting is open to the public.

A Mental Health Clinic is held in the basement of the Epworth Methodist Church on certain days conducted by Dr. Carlos Muniz, staff psychiatrist, and Ralph Bowers, with the assistance of one other social worker and a psychiatric nurse from the Mid-Missouri Mental Health Center on a temporary basis.

Bowers works in other traveling clinics under the direction of the Mid-Missouri Center as well as in the Center. He is a graduate of Vanderbilt University, Nashville, Tenn., and has studied social work at Washington University in St. Louis and in the Kentucky State Hospital before joining the staff at the Center in Columbia, July 1, 1966.

The Mental Health Clinic was started in Sedalia in March of 1957. At first the team was under the direction of State Hospital No. 3, Nevada, with a consultant psychiatrist from the Mental Health Foundation in Kansas City.

In January 1964 the clinic was staffed by the State Hospital No. 1, in Fulton and continued so until July 1, 1966, when it was placed under the direction of the Mid-Missouri Health Center, newly organized, in Columbia.

Osceola Gets Grant

WASHINGTON (AP) — The Housing and Urban Development Department has approved a \$1,035,028 loan to aid in construction of 76 low rent homes in Osceola, Mo., 38 of them for elderly persons, Missouri senators announced today.

They said average cost per building is \$9,543.

Goldberg Ends His Visit To Japan Today

TOKYO (AP) — U.S. Ambassador Arthur J. Goldberg ended a three-day visit to Japan today with a pledge that the United States will continue to stand by South Vietnam while pursuing peace efforts.

"What is necessary is for the other side also to have the will and the wish and the desire to make peace," Goldberg told Prime Minister Eisaku Sato before leaving for South Korea.

Goldberg arrived in Tokyo Friday for the first stop of a fact-finding mission for President Johnson to Japan, South Korea, Nationalist China, South Vietnam and the Philippines. He said he was not carrying any new peace proposals.

North Vietnam. This action poses no danger to deep-water maritime traffic."

A U.S. spokesman said no mines were of several types, either resting on the river bottom or moored to the bottom but remaining below the surface. The mines can be detonated by magnetic attraction from metal-hulled craft, or by noise or pressure from approaching vessels.

In the naval bombardment of North Vietnam Sunday, at least five warships pounded rail sidings, barracks areas, gun emplacements and other targets as well as coastal cargo barges which they have been attacking all along.

The destroyers Duncan and Picking fired their five-inch guns at an ammunition dump, a barracks area and a shore battery northeast of the coastal city of Vinh, but poor visibility prevented assessment of damages, the Navy said.

The destroyers Joseph Strauss and Benner and the cruiser Canberra attacked a variety of targets 10 to 20 miles southeast and east of Thanh Hoa, a major city 70 miles south of Hanoi.

Among targets shelled were a fuel storage dump, rail sidings, anti-aircraft guns and a storage cave. Again low clouds prevented damage reports.

Answers Your Problems

Dear Ann Landers: I run a respectable rooming house and don't have anybody under my roof who isn't God-fearing and church-going.

A widow man moved in two years after I buried my husband. I enjoy the roomer's company but I am having a problem with him.

A few weeks ago I bought a wig. It looks very natural and when people compliment me I say "thank you." Twice last week someone mentioned my beautiful hair and the roomer opened up his big mouth and blurted out, "It's not her hair. It's a wig."

I told him in private to keep his trap shut. He claims that what I am doing is the same as lying and he's not going to stand for it.

What is your opinion of this?—FUMING

Dear Fuming: It is not the roomer's place to offer a statement of origin when people give you a compliment.

If you were wearing false teeth and someone remarked on your lovely smile, would the roomer feel obligated to say, "She wouldn't look so good without those china clippers."

Some women don't mind telling people they wear a wig. Others do. It's up to the indi-

Income Tax Payments Are Often Another's Income

By JOHN CUNIFF
AP Business Analyst

NEW YORK (AP) — Your income tax payments are, as you are quite aware, frequently another person's income. Not just Uncle Sam's, but the income also of those in a growing group of businesses related to taxes.

Said in another way, a thriving industry has developed in this nation based on the willingness of individuals and companies to pay for income tax information and filing assistance.

Some of this money is spent unwisely, for many amateur advisers supply less advice for \$5 than the income tax people will give for a 10-cent telephone call to the district office.

Some is spent needlessly also, quite an irony in view of the intent, to save money.

There are, for instance, at least 13 tax instruction books now on newsstands and in bookstores, ranging in price from 75 cents to nearly \$2.

But, a 50-cent check or money order to the Superintendent of Documents, Government Printing Office, Washington, D.C. 20402, will bring by return mail a similar book, an official one, called "Your Federal Income Tax."

A check of the commercial

books shows some of them to have an amazing likeness to the government publication. In fact, the Internal Revenue Service claims that three of the higher-priced works are photographic copies of theirs.

The only major changes, the IRS claims, are (1) the covers, (2) perhaps the addition of an introduction or some similar material and (3) the price. The other books range in quality. Some are highly regarded, even by the IRS.

Some people, however, choose not to instruct themselves but to have others fill out the blanks on their tax forms. Thus the tax practitioner.

The IRS estimates there are now more than 80,000 professional tax practitioners, men and women whose fulltime job is taxes: interpreting them, questioning them and preparing returns.

Between 5 million and 10 million returns are professionally handled, the IRS estimates.

In addition, income tax assistance is sold professionally by growing chains of tax speci-

alists, at least one of which is a nationwide organization. These companies generally pledge to support the taxpayer if his return is audited.

And then there are the tax preparers, part-timers generally, who operate in variety stores, gasoline stations, hardware stores or wherever else they can hang a sign for a few weeks before April 15.

Tax preparers, distinct from practitioners, number, the IRS estimates, between 200,000 and 500,000. The quality of their service varies widely. Some are

COLUMBIA BOAR SALE

At the tested boar sale, February 4, boars were purchased by Joe Westmeier, La Monte; R. W. Mitchell, Houstonia; and Ed Minor, La Monte. Kahrs Brothers of Smithton had 4 Poland China boars consigned to this sale. Fifty-one head averaged \$239.16. The average feed conversion was 290 pounds of feed for 100 pounds gain.

CORN YIELD TESTS

The 1966 Missouri hybrid corn yield trials have reached the Extension office in bulletin form. This is the yield of the participating commercial corn hybrids at 9 locations over the state. Trials near to Sedalia were at Higginsville and Columbia. You may have your copy by contacting the Extension office.

SOIL INSECTS

To prevent damage from virtually all insects (except Western corn rootworm) which injure corn below the ground line, use a soil insecticide broadcast as an every year practice.

Soil insecticide application is not recommended on land planted to sorghum.

For corn production on all land except dairy farm aldrin or heptachlor as a broadcast that will be incorporated is recommended. On heavier river bottom land subject to frequent outwash infestation and on high organic matter soils (4 per cent and above) apply a broadcast of 2 lb. application of aldrin or heptachlor to plowed ground anytime in the spring but no more than one month before anticipated planting. Applications made 7-14 days prior to planting are considered ideal. Disc or otherwise incorporate with the soil to depth of 3-5 inches, immediately following application.

On upland soils (below 4 per cent organic matter) apply 1 1/2 lbs. of aldrin or heptachlor as an incorporated broadcast.

Aldrin or heptachlor granules may be used. Dry or liquid fertilizers containing aldrin or heptachlor may serve as carriers. Due to depth of incorporation, such as broadcast application of fertilizer, insecticide mixtures should not be considered as basic fertility application.

THIEF ANT

This quite small, yellowish to orange-red ant is believed to be one of the main causes of poor sorghum seed germination, especially over the western portion of the state. These starch loving ants feed within the seed anytime from planting until actual germination.

For corn use any of the wettable powder seed treaters. Per bushel of seed use 1-1.3 ounces of 75 per cent dieldrin or lindane or 2 ounces of 5 per cent aldrin, dieldrin, heptachlor or lindane. Mix the seed treaters thoroughly with the seed so that each kernel is covered.

PRACTICAL PRICE FOR FEEDER PIGS

Feeder pig buyers over Missouri are asking for a practical price to pay for feeder pigs. A practical price to pay for feeder pigs depends upon the anticipated selling price and the cost of gains.

Voice Doubts On Efforts To Reach Anti-Missile Ban

WASHINGTON (AP) — Some congressional leaders are voicing doubts about administration attempts to negotiate an anti-missile ban with the Soviets and are pushing for earliest possible deployment of a U.S. missile defense system.

At the same time, former Sen. Barry Goldwater says the United States would have to break the limited nuclear test ban treaty to establish such a system, but Gen. Earle G. Wheeler, spring applications appear to be best for Southeast Missouri, but for the remainder of the state, one time seems as good as another.

Late winter or early spring applications can be made until late March or early April. Applications made after early April are likely to increase lodging.

WHEN TO STOCK FARM PONDS

People are asking if bass and bluegill should be stocked in the pond at the same time, or should bluegill be stocked a year later.

The Missouri Conservation Commission recommends stocking farm ponds with bass and bluegill at the same time. The Fisheries Division of the Missouri Conservation Department is still doing more research work on the problem.

NARROW ROWS

Crop producers are asking how much increase in yields 30-inch corn rows have over 40-inch rows.

Decreasing row widths has little effect on the corn yield, except in the areas of high production. The actual increase in Missouri has been approximately five percent.

However, changing to narrow row corn will normally show a yield increase when a high fertility level is used. Care should be taken to supply the necessary lime, weed and insect control, and to see that plant population is fitted to the available fertility and moisture.

Goldwater Says CIA Works To Finance U.S. Socialism

WASHINGTON (AP)—Former Sen. Barry Goldwater says the Central Intelligence Agency worked "to finance socialism in America."

And Michael Wood, the former National Student Association official who blew the whistle on NSA's ties with the CIA, says the spy agency once threatened to discredit an NSA official by forging psychiatric records.

These are the latest charges against the CIA growing out of the two-week-old clamor over its financing of private organizations.

Goldwater said Sunday he saw nothing wrong with the CIA operations except that, he said, all the money went to "left wing organizations."

"Why didn't they spread this money around," he asked. "In

crease sharply their offensive forces."

Wheeler spoke on NBC's "Meet the Press." Goldwater on CBS's "Face the Nation."

In Congress, Chairman L. Mendel Rivers, D-S.C., of the House Armed Services Committee, says efforts to reach an agreement with the Soviets to deploy is "plain nonsense."

He said in one of a series of Associated Press interviews with congressional leaders that "I want us to go as far as we can go, as fast as we can go" in development of the antimissile.

The ranking Republican on the committee, Rep. William H. Bates of Massachusetts, said, "We want to go ahead with this thing. We want all bets covered."

In the Senate, Democratic Leader Mike Mansfield said most senators favor the talks with the Soviets. But if the talks fail, he said, he could not imagine that the United States would not go ahead to deploy an antiballistic missile system.

Richard B. Russell of Georgia, Senate Armed Services Committee chairman, predicts Congress will appropriate the standby funds for Nike X but says he hopes the money won't be needed. He too believes the U.S. would deploy if no agreement were reached.

A member of the committee, Sen. Strom Thurmond, R-S.C., said, "The Russians are at least five years ahead of us now" on the system.

The chairman of the House Appropriations Committee, Rep. George H. Mahon of Texas, says that while the system "is expensive, it is not out of the question" — especially in view of other massive outlays for defense.

McNamara cites cost — ranging to \$40 billion — and says he thinks opposing sides could always penetrate such a defense with new offensive missiles.

Wheeler said the joint chiefs disagree that U.S. deployment would cause the Soviets to in-

rules, you play their game, then you simply bow to their values."

Jackson, Amory and Shaul disagreed.

Amory said the CIA "was nothing but the instrument of the United States government, a professional organization doing the work of our constituted authorities."

He called the disclosures a tempest in a teapot and said, "we can't get out of the political action business in today's world."

He also said news media investigating and publicizing other CIA operations destroy "an important part of the security fabric." They "might just as well be in the business of scuttling carriers in the Tonkin Gulf," he said.

Wood said if the United States "is going to be engaged in a world struggle of ideas, I think we have to compete on our own terms which means that we have to be true to our own values, by using an open, democratic public society, as opposed to any sort of society that practices totalitarianism, or restrictions on people's freedoms."

"The argument that the Communists use the same sorts of techniques to wage an international struggle doesn't wash, in my mind. If you accept their

Big Eight Trackmen Tune Up For Indoor Contests

KANSAS CITY (AP) — Nebraska's Charlie Greene, king of the nation's sprinters, pronounced himself ready to go with a victory and Ron Tull of Oklahoma high-jumped 7 feet as Big Eight trackmen tuned up for the 39th indoor championships here Friday and Saturday.

Tull's jump was the best indoor mark in conference history. It came in the state federation meet at Norman Saturday, dominated by OU and Oklahoma State.

"Bring on those Longs," said Greene after beating teammate Clifton Forbes in 6.1 seconds with New Mexico star Bernie Rivers third. He was referring to Oklahoma twins Glen and Wayne Long, expected to give him stiff competition in the league meet.

Nebraska won the triangular at Lincoln with 63½ points, potent New Mexico scored 61 and Iowa State 27.

Tull is expected to wage a close battle with Missouri's Steve Herndon, who owns the Big Eight all-time outdoor best of 7-1¼ and held the indoor best at 6-11 until Tull broke it.

Greene and Tull are just two in an outstanding field which ranks as the best in conference history. The top man is Jim Ryn of Kansas, Sullivan award winner, world record holder in the mile and the world's No. 1 middle distance runner.

In the field are six national champions who have won a combined total of 12 U. S. titles in the past two years.

Independents From Sedalia Win Tourney

Sedalia's independent basketball team won the Houstonia Invitational City Basketball Tournament, Saturday night as they defeated Houstonia in the finals, 99-93.

High scorer for Sedalia was Leonard Butler with 45 points. Ernie Dow was the high scorer for Houstonia with 28 points.

Concordia won third place in the tournament by turning back LaMonte 102-72.

Les Flandermeysers had 21 points for Concordia. Gary Ceranic was the high scorer for LaMonte with 26 points.

Scores by quarters:
Sedalia 32 27 29 23—99
Houstonia 20 28 22—93

LaMonte 14 19 17 22—72
Concordia 14 31 22 25—102

Among the top sophomores are Ryn, the Long twins and Lee Adams of Kansas, who recently broke the world 60-yard low hurdles mark with a 6.6.

One of the league's NCAA champs, Chuck Rodgers of Colorado, was unable to vault in Colorado's 71-51 victory over Air Force at Boulder. He injured his back a week earlier at Nebraska and is considered doubtful for the league meet, although he's determined to try.

Colorado's Barry King reached 55-4¼ in the shot put against Air Force, best in the league this season.

Missouri won its 20th straight

indoor dual or triangular victory at Columbia, scoring 87 to 46 for Kansas State and 18 for Arkansas. The Tigers won 11 firsts, including a 3:18.5 mile relay. K-State's Conrad Nightingale took the mile in 4:08.30.

"I was more than pleased with our progress," said Nebraska Coach Frank Sevine, hoping to dethrone Kansas for the team crown. Kansas will have a title battle with Oklahoma and Missouri also ranked high.

It likely will be a record-busting meet. League trackmen are ahead of last year's pace in 11 of 14 events—and they broke eight meet records a year ago.

Before NCAA Play

Missouri Champs To Get Shot At S.I.U.

By THE ASSOCIATED PRESS

Springfield State's MIAA basketball champions get a shot at No. 1-ranked Southern Illinois Wednesday at SIU before entering NCAA play. The state's NAIA representative will be determined by a best-of-three playoff involving Rockhurst and MCAU champion William Jewell.

Springfield State ranks No. 8 nationally with a 19-3 record and beating SIU at Carbondale might be enough to boost them all the way to the top. SIU, 19-2, has won 27 straight at home and edged Springfield by one point, 59-49 in their first meeting.

The state's other NCAA rep-

resentative, independent Lincoln, made its record 23-2 with a 2-0 forfeit victory over arch rival Tennessee State at Jefferson City. Tennessee State, leading 54-50 in the first minute of the last half, wasn't permitted to continue by its coach, Harold Hunter, after a lengthy dispute with the officials.

The Rockhurst-Jewell playoff will be March 4, 6 and 7 at a site in Kansas City to be determined. A decision on the site is expected today. Rockhurst stands 15-10 and is host to Washburn Tuesday. Jewell is 15-11 for all games, compared to runner-up Drury's 16-8. But Jewell edged Drury for the crown 12-2 against 11-3 on the final night.

Graceland knocked Drury out of a title tie, 73-70 at Graceland. Drury cut a 17-point halftime deficit to one point, 71-70, but couldn't get over the hump. William Jewell edged Culver-Stockton 78-76 in overtime at Jewell after Culver led until the final second of regulation time.

Midwestern of Iowa plays at Lincoln in the only game tonight. William Penn is at Culver-Stockton for a makeup game Tuesday.

Graceland finished third at 9-5 in the MCAU while Culver was 8-6, missing a chance to tie for third. Tarkio finished fifth at 7-7 after beating Westminster 115-98. Central Methodist moved up to seventh by edging Missouri Valley 92-88.

Amateur Wins The Philippine Tourney

MANILA (AP) — Hsu Sheng-San cost the pros a \$10,000 first place prize by becoming the second straight amateur to win the Philippines Open Golf Tournament Sunday with a 283 as he came from four strokes back on the final round.

"It looks like I should forget about running the half-mile," commented the Kansas sophomore.

The IAAF has recognized Ryn's 3:51.3 mile at Berkeley, Calif., last July 17 as the world's fastest mile.

David A. Matlin, AAU president, expressed confidence "we can persuade the IAAF to accept Ryn's half-mile as a world record" if the USTFF applies for retroactive sanction.

Filipino pro Celestino Tugot, who finished second a stroke back, missed a chance for the top money when he missed a 15-foot putt on the final hole at the Mack Wack Golf and Country Club.

Kansas Is Outstanding In Defense

By JIM VAN VALKENBURG
Associated Press Sports Writer

"Their defense is the thing that makes Kansas an outstanding ball club," said Missouri Coach Bob Vanatta, after his team lost 90-55.

"It was Nebraska's press and break that beat us," said Kansas State Coach Tex Winter, a 79-71 loser.

In a nutshell, their comments pointed to the chief weapons first-place Kansas and runner-up Nebraska will use Saturday at Lincoln in the televised showdown for Big Eight basketball supremacy.

Kansas can clinch a tie for the championship by winning. Nebraska could move into a first-place tie by winning, assuming the Huskers beat Missouri at Columbia Tuesday night.

Kansas stands 10-1, Nebraska 8-2 and Colorado 8-3 after beating Oklahoma State 57-47 at Boulder Saturday night. So it's still a three-team race.

Nebraska's ball-stealing full-court press bothers every opponent, particularly before its vocal home court audience at the Coliseum, where the Huskers have won 18 in a row. The team's speed and quickness is best in the Big Eight.

"The big thing was their break—they just beat us down the court time and again," Winter said sadly. K-State's 7-foot-1 Nick Pino scored 16 but tired in the last half under the terrific pace. Stuart Lantz, used as a cutter and driver, led the Huskers with 22.

K-State scored 10 straight points starting the last half and went ahead 40-37 but Nebraska quickly wore the Wildcats down and took over 67-52.

Kansas, ranked No. 4 nationally, is noted for its sticky man-for-man defense, among the best in the nation, with occasional half-court and full-court pressure.

Jo Jo White scored 20 for Kansas and held Missouri's Ron Coleman to 13. Vernon Vanoy scored 17 and grabbed 12 rebounds, many of them spectacular leaps.

Colorado jumped to a 40-23 halftime bulge and coasted in. Oklahoma plays at K-State in the only league game tonight.

The Big Eight runner-up is eligible for the first time under league rules to accept a bid to the National Invitation Tournament at New York March 9-18. However, the NIT can't wait longer than March 6 and if Nebraska beats Kansas the league race will still be wide open there. Colorado is at Kansas March 6, then K-State at KU and Nebraska at CU March 11.

Nebraska Coach Joe Cipriano long has maintained the race will go down to the wire. Owens puts it this way: "It's ideal to have a full week to prepare for Nebraska. If we don't play well we can blame nobody but ourselves."

Bert Weavers Shoots 14-Under-Par To Win

PANAMA CITY, Panama (AP) — Bert Weaver, set back by illness last year, readied himself for the U.S. golf tour with an eagle on the 12th hole Sunday that carried him to the Panama Open title with a 14-under-par 274.

The pro from Broadwater Beach, Miss., whose last tournament victory was the Jacksonville Open in 1965, fired a 71 on the final round for a three-stroke victory over Art Wall Jr., of Honesdale, Pa.

"I expect a big year back in the States after three successful weeks on this Caribbean circuit," Weaver said. "I'm back in my old form of two years ago and I've fully recovered from my illness of last summer."

Orioles Win Fight To Sign Team Men

The Baltimore Orioles are slowly winning a fight that may be tougher than their battle for the American League pennant—the fight to sign all their players.

Fred Smith Back In Top Form

Fred Smith moved back into top contention Saturday night at Rev-Rac Slot Car Center, 2513 East Broadway. Smith, driving a Dynamic powered Zex, moved from second in his heat to win first in the Trophy Dash and first in the Final.

Place winners of the five-event race program were:

First heat Marvin Nicholson; 2nd heat Randy Kidwell.

(B) Feature 1st Bob Pledge, 2nd Mike Parker, 3rd Jim Caton.

(A) Feature 1st Fred Smith, 2nd Marvin Nicholson, 3rd Merlyn McCown.

Trophy Dash — Fred Smith, Bob Pledge, first year slot car driver, took top position in the Junior Races Friday night, winning first in the heat, trophy dash and final. Second and third went to Don Taman and Kelley Schilb.

Merlyn McCown gave other drivers something to think about in the weekly drag races, by eliminating all drivers to take over the top eliminator title. Place winners of the Drag Races were:

(A) Class 1st Merlyn McCown, 2nd Becky Carver, 3rd Jim Caton.

(B) Class 1st Bud Abney, 2nd Steve Allee, 3rd Bill Utz.

Tentative plans are now being made for a special 500 mile Stock Car race to be held Sunday, March 26. This should be a gala attraction for competitive-minded persons in mid-Missouri.

The race will be run on the high-speed figure "8" track and already a few cars have been turning in some very fast times in practice. Two cars the past week clocked 436 scale miles per hour and this assuredly is only a starter.

The only limit placed on the "stockers" is they must be stock (T) Model Fords.

Two Teams Lose Out

Alcindor Hits For 61 Tallies

By MIKE RECHT
Associated Press Sports Writer

Waving a tournament bid in front of Lew Alcindor is like waving a red flag in front of a bull. He charges.

Louisville, Western Kentucky and Syracuse reacted the same way—until they ran down their bids. Now, with no flags waving, they fell flat on their faces.

The apparent letdown probably cost the three clubs some of their national ranking as Louisville was upset by Wichita 84-78, Western Kentucky was gored by Murray 75-69 and Syracuse dropped before Canisius 68-64, all on the road Saturday night.

Alcindor tossed in 61 points as top-ranked UCLA humbled Washington State 100-78 at home and clinched the Pacific-8 title for an automatic bid to the NCAA tournament.

"I guess I bore down a little more because it was for the conference championship," said the 7-foot-1 sophomore.

Alcindor, hitting jumpers, hooks, tips-ins and one-handed dunks, connected on 26 field goals in 35 attempts and nine of 18 free throws top the 56 points he scored in his varsity debut.

In contrast, second-ranked Louisville, 23-3, with the Missouri Valley Conference locked up for an NCAA bid, stumbled on Wichita's pressing defense as the Shockers' seven suspended players returned to action.

Mel Reed scored 24 points as Wichita led all the way despite 24 points and 17 rebounds by Westley Unseld of the Cardinals.

Third-ranked Western Kentucky, 21-2, the Ohio Valley Conference champs, was snorting along with a 21-game winning streak before Murray's Herb McPherson's 24 points stopped them.

Syracuse, No. 8 with a 19-4 record and an NIT bid tucked away, was halted by Johnny Morrison's three-point play with 24 seconds left that put Canisius ahead 65-64.

Southern Methodist completed its run through the Southwest Conference for an NCAA bid as Denny Holman's two free throws with five seconds left produced an 85-84 victory over Rice.

Other teams still chasing conference titles and tournament bids did not let down. Princeton, No. 6, all but clinched the Ivy League title by stomping Cornell 81-66 at home, breaking a first-place tie with the Big Red. The Tigers, 22-2, need only a victory at home against Pennsylvania Wednesday to win the title.

Kansas, No. 4, closed in on the Big Eight Conference crown with a 90-55 romp over Missouri at Lawrence that left the Jayhawks 1½ games ahead of second-place Nebraska, their opponent Saturday at Lincoln. Jo Jo White paced Kansas with 20 points.

Ninth-ranked Tennessee remained one game ahead of Vanderbilt in the Southeastern Conference with three contests left after the Vols' top-ranked defense stopped Auburn 54-45 and Ron Widby scored 19 points.

Houston, No. 7, and Texas Western, No. 10, with NCAA tournament bids already gathered, did not let down as the Cougars charged by Creighton 87-73 and the Miners took apart West Texas 97-67.

Fifth-ranked North Carolina, which must win the Atlantic Coast post-season tournament for an NCAA bid, dropped Virginia Tech 110-78.

The Big Ten race turned into a five-team fight after Iowa upset leading Indiana 75-74 on Gerry Jones' lay-up with 12 sec-

onds remaining in overtime. Indiana is 7-3 with Iowa, Michigan State, Northwestern and Wisconsin tied at 6-4.

NIT-bound Providence stopped Holy Cross 88-75 as Jimmy Walker scored 47 points in his struggle with Alcindor and Mal Graham of New York U. for the nation's major college scoring lead.

St. John's, headed for the NCAA tournament, halted Miami of Florida 97-70 on Sonny Dove's 28 points, and Tulsa kept alive its NIT hopes with a 60-59 victory over St. Louis.

Andretti Is Winner Of Rich Race

DAYTONA BEACH, Fla. (AP)—Stocky, Italian-born Mario Andretti gave himself a \$43,000 present Sunday—two days before his 27th birthday—with a lead-footed victory in the Daytona 500, richest stock car race ever.

"It was a lovely day," said Andretti, who drove a trouble-free Factory Ford the distance at an average speed of 146.926 miles per hour despite 54 laps of running in fixed position under the caution flag.

Andretti, of Nazareth, Pa., drove a brutal race, running out front of the starting field of 50 for 112 of the 200 laps and beating out Ford teammate Freddy Lorenzen of Elmhurst, Ill., by one half minute.

Lorenzen, by contrast, spent most of the race hiding in the fuel-and-engine-saving slipstream of one or another of the lead cars, lying in wait for mechanical trouble to clear his way.

Lorenzen's drafting of the leaders won him a 100-mile qualifying race Friday. But it didn't work in the main event. With three laps to go, Lorenzen found himself an impossible 25 seconds behind and had to settle for \$14,950 second money.

A lap behind Lorenzen in third spot came James Hylton of Inman, S.C., in a 1965 Dodge. He collected \$10,925. Veteran Tiny Lund of Cross, S.C., took fourth place in a 1966 Plymouth and won \$6,675.

The 1-2 Ford finish avenged last year's Plymouth-Dodge victory in the 500 and brought the Ford Factory entries back into the national stock car picture.

The 500, with \$200,000 in prize money, paid the biggest purses in stock car history and played to a packed house of 94,255, one of the biggest crowds ever to witness a sports event in the South.

MVC Champs Lose Game To Wichita

By JIM VAN VALKENBURG
Associated Press Sports Writer

Louisville coach Peck Hickman watched Kansas, a possible NCAA tourney foe, on television Saturday. Then he watched his No. 2-ranked Missouri Valley basketball champions lose to fired-up Wichita, 84-78.

Wichita was hot on the trail of second place and the resulting bid to New York's National Invitation Tournament. The Shockers also were coming back strong with seven players who missed the last game, suspended for missing bed check.

Wichita still trails runner-up Tulsa by a full game, but the schedule favors Wichita, playing its last two at home while Tulsa plays its last two on the road, ending at Wichita Saturday.

Tulsa stands 9-3, Wichita 8-4 and has the better full-season record, 18-6 against 13-11. Tulsa still might get the NIT bid with a split of its last two. In that event they would finish in a tie for second. Tulsa stayed one up by winning at home 60-59 over St. Louis.

Wichita's full-court pressing defense forced 17 Louisville errors. Wichita coach Jamie Thompson offered this reason: "Louisville is a young club and it's so good it hasn't been behind much all year."

Was this Wichita's best game of the season?

"It must have been to beat a team like Louisville," Thompson said. "For heavens sake, that's a fine ball club."

Louisville finished 12-2 in the Valley and 23-3 for the regular season, missing a chance for the best won-lost record in 23 years under Hickman.

Westley Unseld scored 24 and grabbed 17 rebounds, but shorter Wichita led in rebounds with Warren Armstrong and Jamie Thompson the ringleaders.

"It was a good time to lose if you had to lose," Hickman said.

Tulsa trailed by five with 2½ minutes left, but pulled it out, getting the winning free throw by Mike Marrs after time elapsed. Ironically, St. Louis held the ball the last minute for a final shot which John Killo missed, then Killo fouled Marrs trying for the rebound.

Bradley overcame a 10-point deficit in the last 5½ minutes of regulation time and won 79-78 in overtime with Joe Allen getting the winning free throw with one second left.

Cincinnati moved into fourth place at 6-8, with Bradley and St. Louis tied at 5-8. Cincy nicked Drake 66-65 at Cincy with John Howard scoring 22. Bob Netolicky had 23 for Drake, which almost pulled it out.

Imlach May Get Healthy On Victories

By HAL BOCK
Associated Press Sports Writer

Punch Imlach, Toronto's ailing general manager-coach, can't help but get healthy on the steady diet of victories supplied by his streaking Maple Leafs, the hottest team in the National Hockey League.

Imlach remains bedded down in a Toronto hospital today, suffering from extreme exhaustion while his Leafs continue to wear down the enemy.

It was New York's turn Sunday night and Toronto used Johnny Bower's sturdy goaltending and a little bit of luck for a 4-2 victory that ended two Ranger strings.

The loss was the first after four victories for New York and the goals ended a scoreless string of 182 minutes, 32 seconds — better than nine periods of shutout hockey — for Ranger goalie Ed Giacomin.

It was the seventh straight victory for the third-place Leafs, who trail New York by just five points. Toronto is four points up on fourth-place Montreal, which used Henri Richard's late goal to gain a 2-2 tie with Chicago.

In Sunday's other game, Ron Stewart's goal with nine seconds left lifted Boston into a 3-3 tie with Detroit.

In Saturday's games, New York blanked Montreal 5-0, Toronto shut out Detroit 4-0 and Chicago downed Boston 6-3.

Imlach was stricken 10 days ago and with King Clancy, his assistant, running the club, the Leafs have won five straight. They are unbeaten in the last eight following a 10-game winless spell.

Bower, the 42-year-old goalie, turned away 39 Ranger shots Sunday and power play goals by Mike Walton and Jim Pappin in the second period proved the difference.

Richards' goal with 4½ minutes remaining gave the Canadiens their fifth tie in 11 games against Chicago this season. It came when Montreal defenseman Ted Harris intercepted a weak clearing pass and sent the puck into a cluster of players in front of Black Hawk goalie Denis DeJordy.

The Red Wings' winless string was stretched to four games when Stewart beat Roger Crozier, for the tie. The Bruins had pulled goalie Ed Johnston for an extra attacker in the final minute.

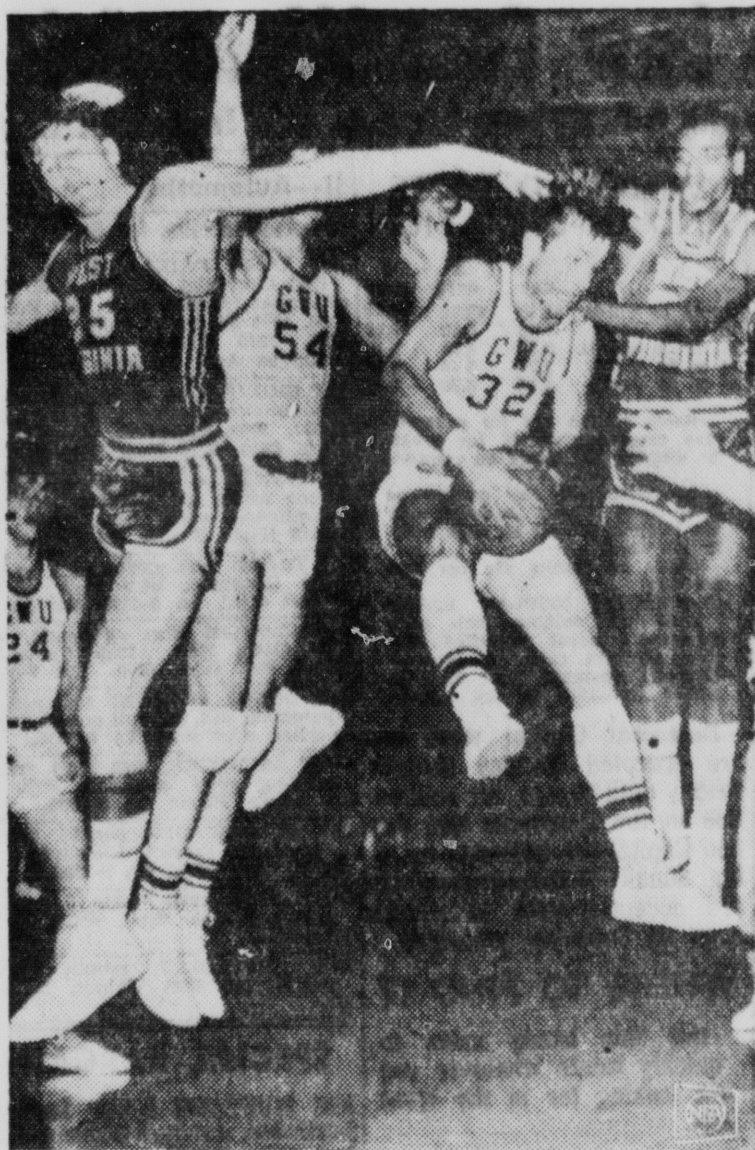

Detroit had wiped out a 2-1 Boston lead with a pair of third-period goals before Stewart tied it.

Thos. Heath, Former Baseball Scout, Dies

LOS GATOS, Calif. (AP) — Thomas G. Heath, baseball manager, scout and former major league catcher, died Sunday of complications following a gall bladder operation. He was 53.

Heath's professional baseball career started in 1932 at Rock Island, Ill., of the Mississippi-Ohio Valley League. He was a catcher with the old St. Louis Browns of the American League in 1937-38. He wound up his playing days in 1946 with the Milwaukee Brewers of the American Association.

Skaters Vie For World Titles Today

VIENNA (AP) — The 1967 World Figure Skating Championships formally opens tonight amidst a simmering controversy between Canada and the International Skating Union over judging practices.

The week-long competition gets under way Tuesday morning with the first compulsory events in all four categories.

But championship headquarters were buzzing over an open letter by ISU Secretary General George Hessler blaming Canada for what he called unfair criticism of the organization.

Hessler, a Swiss, blasted an article published last year in the Journal of the British Columbia section of the Canadian Figure Skating Association. It alleged that judging practices in the 1966 championships were dishonest and that judges favored Europeans.

In this year's championships, Peggy Fleming, Colorado Springs, Colo., Austria's Emmerich Danzer, Ludmila Belousova and Oleg Protopopov of Russia and the British dance couple Diane Towler and Bernard Ford, are the defending titleholders.

But runners-up in previous international events will be stiff challengers. Among them are Canada's Don Knight, Gary Visconti of Detroit, Gabriele Seyfert of East Germany and the American pair of Cynthia and

Unmarked Car Stolen

WARREN, Mich. (AP) — Police Chief Maurice D. Foltz of Sterling Township arrived for work Friday — but his unmarked police car had been stolen from the department's parking lot.

Later, a telephone caller told police: "I got a little drunk last night and decided to steal a car."

He told where he had left it. And there was Foltz's car.

Asked for comment, the chief said:

"I can think of one, but it's unprintable."

Meeting Is Against All NCAA Moves

CHICAGO (AP)—The United States Olympic Committee's biennial meeting which ended Sunday turned out to be another rebuff of membership attempts by the National Collegiate Athletic Association.

The USOC membership, predominated by Amateur Athletic Union factions, turned back an attempt by three NCAA-backed groups at Olympic membership by a 1046-729 vote.

All other factions seeking membership at the various levels beginning from Groups A to Groups E were admitted by a unanimous voice vote.

However, when the federations for track and field, gymnastics and basketball sought admittance, a separate vote was taken and all three were turned down.

The basketball group was the first to be turned down and as a matter of expediency, the other factions accepted the same vote as their fate since no changes were expected.

In other business matters, the USOC delegates made rapid, in fact, record progress.

It took something like 15 minutes for revision of the USOC constitution which involved rephrasing of statements and elimination of matters "no longer in keeping with present times." The move also wiped out the inconsistency of amendments upon amendments and made the constitution consistent.

Olympic development projects in progress were reviewed and additional funds were appropriated for the completion of such projects.

The USOC also announced that preparations for the Pan-American games in Winnipeg, Canada, July 22 through August 7, 1967, were in their final stages.

Toothpick Scarcity

BERLIN (AP) — There's a toothpick scarcity in Communist East Germany, a Dresden paper reported. It said the only toothpick maker in East Germany died recently and it appealed for a successor to turn up and take over.

Two Horses Have Chance To Show Off

By TED MEIER
Associated Press Sports Writer

Reflected Glory and Rising Market get a chance this week to demonstrate whether they will be strong contenders for the Kentucky Derby or just mild threats.

Reflected Glory goes in the \$100,000 Flamingo at Hialeah on Friday and Rising Market in the \$100,000 Santa Anita Derby on Saturday.

The Flamingo and the Santa Anita are among the final major stepping stones on the road to Louisville and the May 6 running of the Churchill Downs classic for 3-year-olds.

Reflected Glory won the Everglades Stakes and Rising Market the San Felipe Handicap in impressive fashion in their last starts, but they still have plenty of challengers.

Gentleman James and Ask The Fare, second and third to Reflected Glory in the Everglades are expected to again test Mrs. Ethel D. Jacobs' colt in the Flamingo.

Ruken and Field Master, second and third to Rising Market in the San Felipe, may try to turn the tables on Mr. and Mrs. Bert Martin's colt in the Santa Anita Derby.

Not only that, but Bold Monarch, Reason To Hail and Cool Reception, also rans in the Everglades, likely will start in the Flamingo along with In Reality who passed up the Everglades. Tumble Wind and Disciplinarian, who disappointed in the San Felipe, similarly may try to make amends in the Santa Anita along with Top Bid, another also ran to Rising Market.

Pretense, ridden by Willie Shoemaker, won the \$145,000 Santa Anita Handicap, last Saturday's top race. The Llangollen Farm colt beat Native Diver by three lengths and paid \$5.40.

Celtics Are Still Taking Ball Games

By THE ASSOCIATED PRESS

Although about to be dethroned by Philadelphia for the second straight year as the Eastern Division champion in the National Basketball Association, the Boston Celtics still have the winning habit.

The Celtics continued as the NBA's best-looking second place team by rolling by the St. Louis Hawks 139-119 on national television from St. Louis Sunday for their 50th victory in 67 games.

The 76ers have had to run at a 57-10 clip to remain seven games in front with 14 games left.

In other NBA play, Baltimore dampened Chicago's playoff hopes by drubbing the Bulls 124-106 in Baltimore and Los Angeles closed in on second place St. Louis by hammering Cincinnati 141-127.

The Celts, with only a slim chance of overtaking the 76ers, still could not help looking classy as they overtook the Hawks in the second period and took a 90-72 lead. When the Hawks closed in during the period, Sam Jones hit five free throws and John Havlicek four points in a one-minute span for an eight-point advantage that sealed the verdict.

Jones finished with 39 points. Zelmo Beaty topped the Hawks with 34.

Baltimore, winning only its 18th game, jumped into a 58-37 lead behind John Barnhill and John Egner and Chicago never got closer than nine the rest of the way. Barnhill totaled 24 points and Egner 22.

Don Kojis had 18 for the Bulls, who fell three games behind fourth-place Detroit in their struggle for the last playoff spot in the Western Division.

The Lakers pulled within one-half game of the runner-up Hawks in the West as Jim Barnes and Gail Goodrich came off the bench to give them a 70-61 halftime lead that grew to 128-103 after intermission. Jerry West led Los Angeles with 34 points, but Oscar Robertson of the Royals finished with 40.

Success Is Real For Alan Arkin

By BOB THOMAS

AP Movie-Television Writer
HOLLYWOOD (AP) — "All my life I wanted to be a movie star. Now it's happening to me, and I find it very difficult to believe."

This was the state of Alan Arkin, an actor not given to off-stage histrionics. He is an earnest but quiet man of 32 who shrinks from any pretentiousness.

Arkin has been nominated for an Academy Award as best actor because of his performance as the Russian submarine officer in "The Russians Are Coming, The Russians Are Coming." His brilliant underplaying was in sharp contrast to some of the acting excesses in that film, and he may well be the front-runner in the Oscar derby at this point. He is appalled by the suggestion that he might campaign for the Oscar.

"I couldn't do it. I just couldn't do it," he declares.

At present Arkin is starring with Audrey Hepburn, Richard Crenna and Efrem Zimbalist Jr. in "Wait Until Dark," his second film. Next Arkin goes to London to appear as Inspector Clouzot in a third of the "Pink Panther" — "Shot in the Dark" series, taking the role created by Peter Sellers.

Then in 1968 he will play the wild Yossarian in the film version of Joseph Heller's modern classic, "Catch 22," to be directed by Mike Nichols.

Arkin — chunky, round-faced, undistinguished-looking — is the most unlikely of film stars. Until a couple of years ago, he was the only one convinced he could make a go of it in movies.

"From the time I was 12 until I was 26, I lived right here in Highland Park (an eastern suburb of Los Angeles)," said Arkin, who was born in New York.

"I tried everything I could to get a job in the studios, but I never could get a tumble.

"My only break came when I was engaged to do my imitation of Danny Kaye on Spade Cooley's local television show. I remember that afterward I bought a pipe at the thrifty drug store and went up to the top of a hill overlooking the city. 'I'm on my way! I'm on my way! I said."

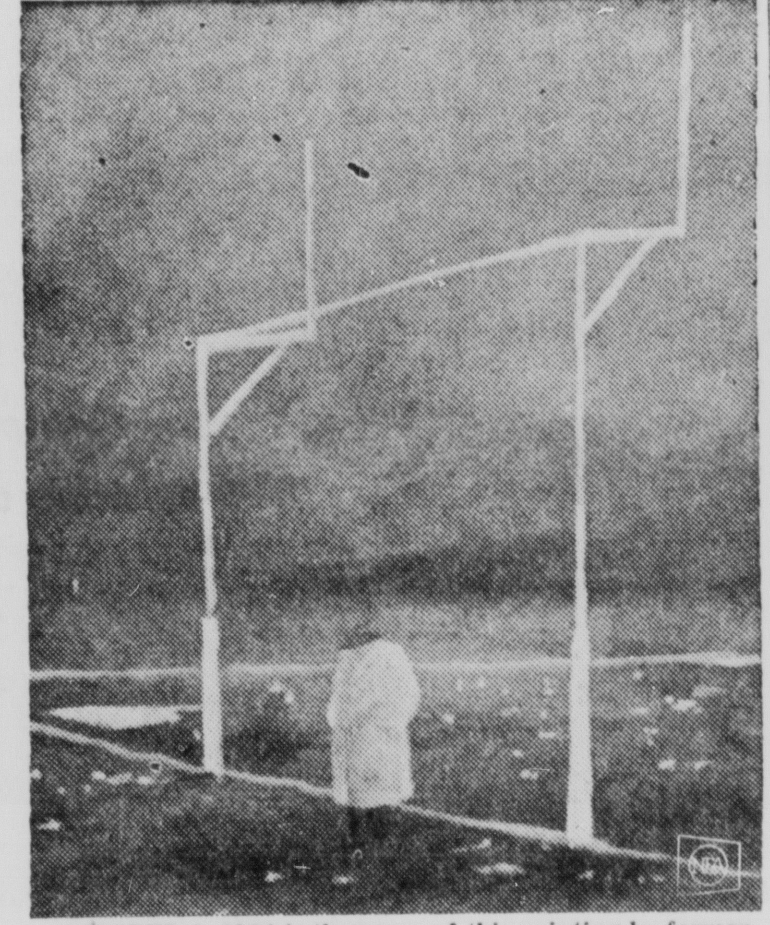

That didn't prove to be quite accurate. He returned to the East and dabbled in Little Theater groups and night clubs with scant success. His low point came in his mid-20s when he was part of a St. Louis, Mo., troupe that met with overwhelming apathy.

"I decided that I should get out of show business," he recalled. "Obviously I was beating my head against a stone wall. So I went up to Chicago with the idea of trying to find some other line of work."

That was the turning point. A friend referred him to a troupe of improvising performers who performed in a revue called Second City. This inspired group produced Elaine May, Mike Nichols, Shelly Berman and other stars. The company moved to New York, and Arkin's unique comedy style made him a Broadway star in "Enter Laughing" and "Luv."

Finally Initiated
JACKSON, Miss. (AP) — Forty years after he was pledged, Gov. Buford Ellington of Tennessee was initiated into Lambda Chi Alpha social fraternity at Millsaps College. The depression forced him to cut short his college education after he pledged in the 1920s. Ellington was initiated when he returned to the Millsaps Campus to address a convocation.

Consider Permanence
AMHERST, Mass. (AP) — The trustees of the University of Massachusetts are considering whether to make its temporary campus at Boston a permanent facility.

OCTOBER 4, 1964 is the name of this painting by former professional football player Ernie Barnes. It is the day his coach, Jack Faulkner, was fired after Denver lost a game to the Boston Patriots. Ernie also is writing his autobiography, "I Hate the Game I Love." It is nearing completion.

Speck Trial Enters Its 2nd Week

PEORIA, Ill. (AP) — The trial of Richard Speck, charged with the murder of eight nurses, entered its second week today with prosecution and defense still searching for the elusive first panel of jurors.

The principals in the trial — Judge Herbert C. Paschen, prosecutor William Martin and defense attorney Gerald Getty — spent the weekend recess in their Chicago-area homes. Judge Paschen prepared his Illinois Supreme Court by the Chicago Tribune, charging that his limitations on news coverage violate freedom of the press.

Speck 25, was in his basement cell at the Peoria County Courthouse. The defendant, who appeared bored during most of the first week of jury selection, relaxed on his rollaway bunk, exercised in his small cellblock and read paperback books.

A portable shower has been placed in the cellblock across from Speck's cell. His meals are brought from the Peoria County Jail, about 100 yards away.

The trial was moved from Chicago, scene of the murder of the eight nurses last July 14, to Peoria on a change of venue. Three venire — groups of prospective jurors — were impaneled the first week, a total of 124 persons. Three tentative jurors remained at week's end. A full panel of four prospects was tendered several times, but in each instance the prosecution or the defense challenged a previously accepted member.

State law requires that a jury be sworn in three panels of four and a panel of two alternates.
